

Upper Saddle River Special Needs Instruction

The USR Special Needs Instruction is a program for kids grades Kindergarten through Eighth Grade. This is a free clinic where children get together for each season to practice and play sports such as soccer, basketball, baseball, and track. The kids will warm up, run drills, and play a game! Parents or guardians will have to be present as a shadow for their child and built in breaks are available for every player. Each session is approximately one hour long on either Saturdays or Sundays. An hour of learning, exercising, and making new friends! This program is open not only for Upper Saddle River but the surrounding towns as well, so feel free to spread the word!

If you are interested or need additional information email usrsportsinstruction@gmail.com or contact Joe Abbatiello at jabbatiello@verizon.net or 917-744-4415. We hope you'll participate in this worthwhile experience.

In cooperation with the USR Recreation Commission
